

ELECTION RETURNS.

The U. G. will issue a special edition to-morrow morning, containing an account of today's elections.

Thursday, Nov. 30, will be Thanksgiving Day, so says Gov. Cleveland.

Congressman Dingley scored a bull's eye as usual in his speech on the "Bankruptcy Bill." This district never has occasion to worry about the position of its representative.

A Maine woman who is letting out her services to wash other people's naughty children is a good deal like the average campaign orator. She pays no attention to her own unruly brats. —Boston Herald.

She hasn't any brats.

The annual announcement of the Hon. Argus appears in our issue to-day. Parties that want the pure undiluted Democratic doctrine served up hot and steaming should read the terrified Argus. It's news feature are always up to date, and its a wide-awake, aggressive paper.

Rockland has been saved from destruction by fire even as by miracles, for according to Rockland Ulcor we have no decent fire department; what we have, according to the Ulcor, is poorly managed; and the Ulcor is authority for the fact that we have no water supply. Nevertheless fires have broken out in dangerous places, and the amount of destruction by fire in this city the past year has been surprisingly small as compared with other cities the size of Rockland. Providence evidently watches over us and protects us here as it does elsewhere.

OF SIDEWALKS.

At hand when we may call it my duty to call the attention of all of our citizens, by aid of our public press, to a city ordinance relating to snow and ice upon the sidewalks in this city and that its terms and requirements may be fully understood by all, I give the following:

"The tenant or occupant, or any person having the care of a building or lot of land bordering on a street where there is a sidewalk, or if there is no sidewalk, the owner of such building or lot, the owner thereof shall, within an hour after snow ceases to fall in the day-time, and before nine o'clock in the morning after a fall of snow during the night, cause all snow that may be on such sidewalk to be removed therefrom, and, if he fails to do so, he shall be liable to a penalty of not less than two nor more than five dollars. The provision of this section shall apply to snow which falls from clouds."

When any portion of a sidewalk is encumbered with ice, the occupant of the building or lot of land adjoining such sidewalk, or in case there is no occupant of the whole of such building or lot, the owner or other person having the care of the same, shall cause such sidewalk to be made safe and convenient by removing the ice therefrom, or by keeping the same covered with sand or some other suitable substance, and if such occupant, owner, or other person neglects so to do for the space of six hours during the daytime, he shall be liable to a penalty of not less than two nor more than five dollars.

All fear that a very hard winter for our laboring men's before us, and those of our citizens who do not care to keep their portion of the sidewalk clear and in order by their own hands, can furnish some employment for others.

When we have respected the provisions of the ordinance in the past but have neglected to do so, we will lead a helpful example to our fellow citizens. I intend to enforce the ordinance strictly and impartially.

FRANK C. KNIGHT, Mayor.

OUR VICINITY.

Notes from Various Surrounding Counties.

W. M. Staples has been appointed postmaster at Washington and H. P. A. Spofford at Deer Isle.

J. K. Willett has been appointed postmaster at Waldoboro in place of J. D. Starnes, whose time has expired.

It is claimed that Waldoboro is now the egg producing and poultry growing center of Maine, having shipped more eggs than any other station on the line of the Central. Some citizens have over their flocks. All along on either side of the Medomak river there are acres of wire fencing and dotted with flocks of geese, Brahmas, Leghorns, etc.

In the cases at the recent term of the Supreme Court was that of Edward W. Blum, Jr., and E. C. Blum. It was an action of trespass to land. Defendant broke into Somerville and committed acts of trespass, setting fire to the grass and destroying thereby a portion of his line fence, some valuable fruit trees and an old house and barn. Also killed a valuable well on the premises. After plaintiff's evidence was in, on motion, the Court ordered a non-suit, the evidence not proving the trespasses alleged. Case goes to law court on exceptions. True P. Pierce and Howard Hall appeared for Philbrick, and L. M. Staples for Blum.

POMOLOGICAL SOCIETY.

Annual Winter Meeting—Union the Great Apple Town.

The annual winter meeting of Maine State Pomological Society will be held in Union some time in the early part of December in all probability. The managers propose to have H. D. Willard of Geneva, N. Y., to address the fruit growers. There will be a two-days session and all the prominent fruit growers of the state will be present, and there will be addresses and discussions on timely topics by well known fruit authorities.

W. A. Luce has the management of the affair and a great time is promised. It will prove a rare opportunity for Eastern Maine's orchardists.

Last year Union raised more apples than any other town in the state.

W. A. Luce leaves Saturday for Hobbs, where he delivers his lecture on "Fruit Culture" on Tuesday. He then lectures in Rumford, Milne, Limestone and Caribou, thence he goes into Washington and Penobscot county. He will be absent about three weeks. Mr. Luce's work is highly commended by all who have had the pleasure and profit of hearing him.

ELECTION RETURNS.

Cherishing News for Republicans From All Over the Country.

Greenhalgh is Handsomely Elected in Republican Massachusetts.

New York Emphatically Turns Down Judge Maynard.

Virginia Declines From the Populist Procession.

The very peculiar condition of things which has prevailed in this country the past season has given today's elections uncommon interest. The industries of the country have been paralyzed, and with or without reason the Democratic administration has been more or less blamed therefor. The people in the States that voted today have been called upon to vote on the basis of national issues, either to endorse the administration or condemn it. The Democrats have conceded for several weeks that it looked like a Republican year, and it has proved so. The dispatches were received at Titt. C. G. office, from seven o'clock until a late hour and from the first to the last there was no change in the tone of Republican gains. The reports received are in brief as follows:

MASSACHUSETTS.

The Bay State, which last year elected William E. Russell (D.) by a plurality of 2,534 over William H. Haille (R.), this year elects Greenhalgh (R.) over John E. Russell (D.) by a plurality of 20,000 or more. Boston gave a Democratic loss of about 4,500.

Returns from the entire city of Boston, with the exception of one precinct, give Russell's plurality 9,747. In 1891 Governor Russell's plurality was 13,558 in the city. The Globe states that Russell's plurality in Boston is 10,250.

NEW YORK.

In New York State the Republicans have evidently made a clean sweep, electing the entire ticket.

The New York Tribune says: "A great landslide in Brooklyn, the Republicans carrying all before them. The Republicans have carried the State of New York by 40,000. Bartlett's plurality over Maynard will be 75,000."

The New York Sun says: "Dispatches from the State show heavy Republican gains and it is probable that they have elected their entire ticket. Maynard, candidate for the Court of Appeals, is overwhelmingly defeated. His majority in New York is less than 23,000. The Republicans probably carry the State by 40,000."

The New York Times says: "Richard Croker concedes that the Republicans have carried the State ticket and also the legislature."

New York World—"All the Republican ticket is elected, probably by 30,000 majority." The Buffalo News claims that that city has gone Republican, the Democrats electing but one Alderman.

OHIO.

The New York Herald says that Governor McKinley carries the state by 30,000 majority, while the Tribune and Press are claiming as high as 50,000 for him.

IOWA.

Returns come in very slowly as many of the voting precincts do not close until eight o'clock. The returns received show Republican gains.

ILLINOIS.

The Democrats have undoubtedly carried the city of Chicago. The indications are that Judge Gary, Republican candidate for Superior Judge, is beaten, although he ran far ahead of his ticket.

NEW JERSEY.

The New York Times says that New Jersey elects an anti race track legislature.

New York Tribune—"The indications are that New Jersey's state assembly will surely be Republican and possibly the senate also."

New York Press—"The New Jersey legislature will be Republican on joint ballot."

The New York Commercial Advertiser says that without doubt the New Jersey legislature is Republican.

Carriers carry Maryland and Kentucky majorities. The Populists

claimed that they would carry Virginia. The state goes Democratic by 40,000.

The entire Republican ticket is elected in Philadelphia.

THE LATEST.

Cincinnati, O.—Republican State Committee claims they have elected more than two-thirds of the members of both branches of the legislature.

Des Moines, Iowa.—The Democratic State Committee concedes the election of Jackson, Republican candidate for Governor, over Boies, Democrat, by 20,000 votes.

Boston.—Three hundred and thirty-eight cities and towns give Greenhalgh, (R.) 171,271; Russell, (D.) 141,664. These same places last year gave Haille, (R.) 105,053; Russell, (D.) 108,506, a net Democratic loss of 33,060 votes.

This gives all but 14 cities and towns, viz., Bellingham, Cambridge, Chelsea, Everett, Gay Head, Newton, Nowell, Quincy, Revere, Rochester, Seabrook, Somerville, Stoughton and Woburn.

THE DELAY.

The county edition of the C. G. was held back in order that we might give our multitude of county readers the election news before any other paper, and we trust this will prove a good and sufficient apology for the delay.

THE WEEK.

The World's Fair was formally closed Monday of last week, with a salute of 21 guns and the lowering of the national colors on the various buildings amid cheers. The Fair has been very much of a success and we believe everybody has been there but the editor of this paper.

Waldo County's Grand Jury, at Belfast, last week, rather disquieted the work of the Knox County Grand Jury at its last session. Our jury reported a list of some sixty indictments, and we planned ourselves accordingly, but Waldo County now spurs our pride with a total of 150 indictments, mostly violations of the liquor law.

The Silver Repeal bill passed the Senate Tuesday last by a vote of 43 to 32, and has since passed the House, and becomes a law. The long delay of the Senate has tended to lessen the good effect the passage of the bill might have had. It is not, however, to be something of a business revival as a result of its tardy passage. The adjournment of Congress will also have an effect to stimulate trade as it removes all fear of present tariff tinkering.

The credit for repeal belongs to the President for his courageous and uncompromising attitude in Senator Voorhees for his persevering and unflinching conduct of the campaign for repeal, to Senator Hill for showing the majority how the deadlock might be broken, and to the great mass of the Republican Senators for their consistent adherence to the cause of sound currency.

The Austrian ministry has resigned. The bill for the extension of 1 cent transients was too liberal to please the Conservatives and not liberal enough to satisfy the Radicals. Out of a population of 8,000,000 men more than twenty-five years of age, less than 2,000,000 are voters. This bill would nearly double the number of voters.

The South African Co. has drawn the English Government in the war with the Matabels. It is thought that the British traders provoked the war so as to get possession of King Lobengula's broad acres. The Zulus, however, are no mean fighters, and it may cost England money, men and months to subdue these savage opponents.

Melilla, which is the scene of the war between Spain and the Moors, is a fortified city in Morocco. The Moors, who are fighting the Spanish, are said to be men who resent the presence of the Spaniards in their country.

The suggestion that Admiral Mello, the leader of the insurgent Brazilian navy, intends to depose President Peixoto and re-establish the monarchy gives a new aspect to the situation especially so as it is stated that the foreign representatives at Rio Janeiro encourage this idea. Uncle Sam has the cruiser New York ready to send there and may find it necessary to assert the principle known as the Monroe Doctrine.

The Cook Not to Blame

Many nice delicacies are often spoiled by the abominable flavorings used in them, and generally their having been spoiled is attributed to the cook. Now if

DR. PRICE'S
DELICIOUS
Flavoring Extracts

Vanilla
Lemon
Orange
Rose, etc.

are used, cooks will not be unjustly blamed; nice dishes will not be spoiled, as they always impart the delicate fresh-fruit flavor in whatever they are used. It is economy for the poorest to use the best.

Don't Carry a Stove

Around with you this Winter.

It will be better to buy one of those \$15.00 Overcoats that we are selling for \$12.00.

To be sure it's no price for them, but we bought them cheap and intend to give our customers the benefit—Blue or Black.

If you want a Better Coat look at those we offer at \$15 and \$16. No better ones shown in the city for less than \$18 and \$20.

If you have any doubt about these goods being Bargains compare them with others costing from \$30 to \$40 more.

50 dozen of the celebrated Non-buckle Suspenders, 25c, 35c and 50c.

This is the most popular Suspenders on the market. No buckles to bother with or to wear your clothing.

LOCAL CHESTNUTS.

The public may look for a most charming entertainment in aid of the House of the Good Shepherd about Nov. 23.

The Rockland Savings Bank declared its usual semi-annual dividend of two per cent Wednesday, payable on and after Nov. 25.

Frederick M. Moore, the sailor so badly hurt on schooner Olive Pecker last week, is doing nicely at the marine hospital, and will get well.

The little son of O. E. Blackington whose skull was fractured by a horse kick recently is about the house and will have perfect recovery.

A clothes closet has been built at the county jail for the reception of the handsome new uniforms with which prisoners are hereafter to be clothed.

There are, rising 3600 depositors in the Rockland Savings Bank. Since the bank started 13,811 names have been enrolled on the deposit books.

The electric company are putting up new poles in various streets, stretching the wires for their incandescent system, to be used for house-lighting. Several more city houses are to be electric lighted at an early day.

The number of interments superintended by N. A. & S. H. Burpee, city undertaker, during the month of October, was 18. Of these 7 were non-residents, and 4 still-born infants, now required by law to be recorded as deaths.

The wires of the electric fire alarm system are being changed as fast as opportunity offers from house-tops to the poles of the telephone line. Workmen are also putting signs on the top of each of these poles that are so utilized.

Aurora, Lodge No. 50 F. & A. M. is still prospering, and at its stated communication Wednesday evening, Nov. 1st, worked the E. A. degree, accepted two petitions and received live applications for degrees. The lodge history is still growing.

Thursday night at the wigwag of the tribe, Willoughby Hall, the ladies of Nabanada Council entertained a large company of company. At intermission the lunch was served in the banquet hall and the dancing continued to 12:30. These dances have become so popular that the ladies will have another next Thursday night.

A Halloween party at the residence of A. S. Rice Tuesday evening was full of the fun incident to the occasion. There were games with roasted chestnuts, melted lead, and jumping over delicately poised objects, all productive of a great deal of fun, and an informal musical program closed the evening. Miss Josie Collins and E. C. Collins of San Francisco were among the guests.

A special steamer Wednesday brought down from Belfast a body of visitors from Aurora Rehekah Lodge I. O. O. F. to Miriam Lodge of this city, and the guests were royally entertained that evening. A great crowd was present and enjoyed the degree work done by Miriam Lodge. Speeches were made by Hon. Reuel Robinson of Camden, Grand Master, several of the visitors and local ladies and gentlemen. Dancing followed, and the visitors left for home at 11, delighted with the hospitality of the Miriams.

Hids for granite for the Bar Harbor break-water were opened at Portland by Lieut. Col. Hains, Monday, and were found as follows: William S. White, Rockland, 97 cents per ton; Perkins & White, Boston, 97 cents; James & Geyer, Boston, 97-1/2 cents; T. A. Rowe, Boston, \$1.03; Enchou Townsend, Somers Point, N. J., \$1.20. The contract was awarded to W. S. White, the matter of time bringing in the bid under Perkins & White. The total contract is some \$50,000. Mr. White has just completed one contract of the same amount at this breakwater.

A great card is announced for Monday evening, Nov. 16, when Anderson Camp, Sons of Veterans, give at Farwell opera house a levee, exhibition drill and ball. There will be a drill by the Grand Army "boys" and the Tillson Light Infantry, and also scenes presented depicting a foraging party, camp life, and it is to be, a sham fight, etc. This will be a great and interesting feature of the evening, and a ball with music by Gale's orchestra will finish off the festivities. A street parade will occur at 7 p. m. The boys are going to have some fun and the public a good time.

The Rockland Charitable Association held its annual meeting at the Y. M. C. A., Wednesday afternoon, electing the following officers: President, L. E. Sturtevant; vice president, Herbert M. Lord; secretary, Mrs. T. A. Wentworth; treasurer, E. K. Gould. The executive committee made up as follows: Ward 1, Miss Mattie Bird; Ward 2, Mrs. Laura Bird; Ward 3, Mrs. Mary A. C. Norton; Ward 4, Mrs. G. M. Brainerd; Ward 5, Mrs. Henry Pearson; Ward 6, Mrs. E. S. Farwell. The Association will make its annual cruise against want, and is desirous of the co-operation of all.

A NOTED CRITIC.

H. K. Krebich, the noted musical critic of New York, is giving a most interesting series of lectures on musical subjects, this season.

Mr. Krebich has visited in this city in these past.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its forms, and that is Catarrh. Catarrh is a disease of the urinary tract, and is a constitutional disease, requires a constitutional treatment. Catarrh is a disease of the urinary tract, and is a constitutional disease, requires a constitutional treatment. MISTAKES OF HISTORIANS.

Machine Scissors never put his hand in the

fire. The story is a fabrication of a Roman

historian hundreds of years after the sup-

posed time.

Augustus was not the public benefactor

he is represented to be. He was the most ex-

ecutive tax collector the Roman world had up

to his time.

There is no reason to believe that Tar-

quin insulted Lucretia. His power was

exercised in a popular tumult, which is

the only basis for the story.

Columbus did not foretell an eclipse of

the moon to frighten the natives of Ja-

maica into rendering him assistance. There

was an eclipse of the moon at that time.

Alexander the Great did not weep for

other worlds to conquer. There is reason

to suspect that his army met with a serious

reverse in India, a fact that induced him

to retreat.

Philip VI. after his defeat at Crecy, when

he applied for shelter at the castle of

Holles, did not respond to the sentinel "It

is the fortune of France," but "It is I, the

unfortunate king of France."

The Immense burning glasses with which

Archimedes burned the ships of the In-

vas of Syracuse at 10 miles distance

were never manufactured, and it is now

known to be impossible.

Columbus did not make an egg stand on

end to confuse his opponents. The feat

was performed by Brunelleschi, the archi-

tect, to silence critics who asked him how

he was going to support the dome of the

cathedral of Florence.

The existence of the Colossus of Rhodes

is considered by some historians as ex-

ceedingly doubtful. There is no evidence

that the ancients were able to cast pieces

of metal of such size as must have enter-

ed into its composition.—St. Louis Globe

Democrat.

BEHIND THE FOOTLIGHTS.

Violet Mascent will head a company in

a burlesque of "Shirley the Sailor."

Augustine Hallowell, with James

O'Neill, will play "A Fair Rebel" to the

leading heavy role.

It is said that Lillian Russell's agree-

ment with Gaiety and Lederer calls for a

weekly salary of \$700 and half the profits.

Annie Russell Presbury will join her

husband in New York City, the latter part

of October. She is now at Boothby Harbor, Me.

It is announced that the new Broadway

drama by Sir Augustus Harris and Henry

Pitt will bear the title, "A Life of Henry

William Lloyd Bowen, leader of the or-

chestra of the Fourteenth Street theater,

New York, is the oldest member of the

Order of Elks.

Richard Henry has written a play called

"Our Silver Anniversary," which is to be

produced in conjunction with "Don Juan"

at the Gaiety theater, London.

William Morris has secured the play in

which will star next season. Whether

or not it is a success, he will change the

programme from time to time.

Hattie Harvey has a promising part

in "Charles' Aunt." She will star next

season in all probability in the new play

written for her by Fitzgerald Murphy.

"Caroline" of the London Referee says it

is reported that William Terrell has been

approached by Augustus Daly with regard

to a starring tour with Ada Rehan.

In addition to the charge of having de-

ceived his inspiration from Augustus's

"Marriage d'Olympe" in the writing of "The

Second Mrs. Tanqueray," Mr. Terrell is ac-

cused of borrowing without credit from a

German source.

HOUSEHOLD HINTS.

Place a ring of platinum around the lamp

in a room where much smoking is going on.

The covers of a lamp may be utilized

for placing under pots and saucepans when

the stove is too hot.

There is no better place for making soap

than in a tiled stall. Flour and water

is also a good paste when mangle is not

at hand.

Ice should never be simply laid in the

refrigerator unless the ice is to be used in

drinking water. In all other cases it should

be wrapped in a piece of flannel, carpet or

newspaper.

When buying wall paper, avoid getting

the figure too small, and thus destroying

the character of your room. Those ex-

posed in the room are very prompt to

give the eye to a "weak" looking paper.

To keep black stockings from assuming a

greenish tinge wash with soap that is free

Compare.

A careful comparison of Dr. Price's Delicious Flavoring Extracts with the other flavoring extracts offered for sale, will convince any person that for strength, purity, delicate and natural flavor,

DR. PRICE'S
DELICIOUS
Flavoring
Extracts

are far superior. Ladies of taste once having enjoyed the delicious flavor that is given to cakes, puddings, creams, etc., by Dr. Price's Vanilla or Lemon Extract, could not be induced to use any other.

STATEMENT BY AN AUTHORITY

I use and recommend "Dr. Price's Delicious Flavoring Extracts" as the strongest and finest, and as giving the most desirable results in the manufacture of ice cream.

MRS. E. W. THURLOW,
Ice Cream Parlors, Oak St.

EXPERT TESTIMONY.

"Dr. Price's Flavoring Extracts" are just what they are advertised to be; the strongest, purest and of the most delicate flavor.

MRS. E. L. PERKINS,
Restaurant and Ice Cream Parlors, 301
Main Street.

The electric railroad track to Camden is being graded and improved.

Some of our people are putting the winter garments on the fountains and shrubbery.

The sewer on Summer street was flushed by the hydrant Friday.

It is said that we have had only three pleasant Saturdays since July 1.

CAMDEN.

Carrying the brick walk in front of the new blocks is being laid. Camden dips severely with tin dippers.

The roof is being put on the Opera House. The building hasn't settled any yet. The only settling that is anticipated is paying the bills.

F. R. Boynton is to have a dandy store, with ornamental steel ceiling, carved cornices, etc., etc. Fred Lewis expects to get into his new store next week.

The clay mine in Kim street has been another serious handicap to the sewer crew. The work is proceeding very satisfactorily when one considers the amount of obstacles which have interfered.

The sewer crew struck a bad place in the soil opposite the Opera House. It was clay of a similar consistency with that found in digging for the Opera House foundations. Supports were driven down along the sides of the ditch to keep the earth in place.

Yonng's Orchestra played in West Rockport Thursday evening. The Daniels building is being painted. The rear store in the Daniels building is to be filled with a stock of pictures.

Measer, the barber, has a hard wood floor, electric lights, etc., in his new shop.

W. G. Wadsworth has a nice market under the Achorn dry goods store. He reports business starting in well. Mr. Wadsworth was formerly with D. A. Campbell. He understands the meat and grocery business, is a thoroughly reliable young man, we hope he will succeed in building up a large trade.

George H. Cleveland exhibits a 12 pound rhesus raised by J. B. Stearns. Finest rhesus made by Mr. Engle is in the market.

Edw. Rokes has opened a billiard hall under the Montgomery law office on Mechanic street. Boynton's velvet taffy is having a great run.

French's Cafe is now open and is doing a good business. It occupies the entire second floor in the handsome new Fletcher Block.

The dining hall is a large and beautiful room overlooking the bay, high posted, well lighted and handsomely furnished. It is heated by steam and lighted by electricity. A private dining room, commodious kitchen, lavatories and toilet rooms complete the fittings. The rooms are reached by a broad staircase. It is a credit to the place and is already being appreciated.

W. A. Coombs of Coldwater, Mich., the big door manufacturer, was in town Wednesday.

Dr. A. F. Miller was in town last week. Steam heat is on in the Masonic Temple and French Block. Mrs. Miller and Bibles will not move into their new quarters until the new walk is laid.

They hope to have a number of openings in their new quarters. Dr. Bibles says they will have such elegant rooms that people will come up there and have teeth pulled just for the sake of visiting the new offices.

The holdovers being removed from the harbor, in the track of the dredger's work, are some dozen in number, weighing from 15 to 20 tons each. R. S. Hall of this town has the contract. A steamer on four long logs is placed in the water, over the hauler. Standing on this steamer the workmen drill a hole in the rock, with a very long drill. A long iron bar, with a split in the end is put into the hole (the hole is drilled). A wedge is driven from the split.

Rockland was received in Camden at noon, noon mail at night, night mail in the morning. The kicking was of a most vigorous nature, but they had not much chance to kick for Postmaster Smith sent a protest to Washington, D. C., and the trouble was promptly remedied.

W. D. Wadsworth has at his market a big pumpkin raised by R. E. Long of Lincolnville. It weighs 24 pounds.

W. C. Howe, the machinist, is kept busy at his place of business, with C. M. Barslow. Mr. Howe is a very capable workman.

Moses Hankin, an aged citizen of Lincolnville, 81 years, died Saturday week at Drake's Corner. The funeral was held Tuesday.

Thomas Hopkins had a severe shock a week ago, and is now confined to his house. C. M. McDonald is in charge of the store on Mechanic street.

Ahram French was in town last week. Grand Master Bibles, I. O. O. F., took the Rebekah Degree in Rockland Wednesday evening. Almost everybody is digging a hole in the street.

War Cry are now on sale here. Messervey's Orchestra plays here once a week. W. K. Gill, who has been severely ill, is improving. The Ordway Plaster Co. is putting in a large kettle and making other changes. Increasing business compels it.

C. M. Barslow recently shipped one of his well known heading machines to Virginia. This ingenious machine has a world wide reputation, and is used almost everywhere. For the first time in two years, so Mr. Barslow informs us, he is up with his orders.

Carrier & Son report the receipts of considerable and come from. Summer Conant, the boot and shoe dealer, is now pleasantly located in the base of Burd & Hooper's new store, where he has fine quarters. A dead dog in the brook that crosses Chestnut street sort of stirred up the people in that vicinity last week. Some times a dead dog is more offensive than a live one.

H. L. Alden, the newly chosen president of our Camden National Bank, is one of Camden's best business men. He is conservative and level-headed, and is thoroughly conversant with banking business, having been a member of the board of directors for twelve years. The directors of the bank is strengthened by the addition of W. G. Alden to the place made vacant by the death of D. H. Bibles.

The dedication dance in the new Cleveland Hall, Tuesday evening, was very much of a success. The managers were Annie Richards, Sadie Peddleton, aided by Bertha Richards, Louisa Watson and Edna Sweetland. Messervey's Orchestra played, and a nice oyster supper was served at French's Cafe. There was a large party from Rockland and all had a delightful time. A. P. Webster has leased this hall for a year, and will conduct a series of nice balls and parties there.

Rockport PERSONALS.

Erastus Wall has closed a successful term of school at Wiley's Corner, St. George.

Rev. D. B. Phelan of Waldoboro was in town last week.
